

PRE-REQUISITES

Please answer the following questions. The Merit Badge book is a good place to start. By completing these, you will have a good basic introduction into the concepts that we will be investigating during the workshop.

2a. Define soil erosion.

2c. Name 3 kinds of soil erosion. Describe each.

2d. Take a picture or draw two kinds of soil erosion (use the example below as one of them) – this will take some research – a link is included

A great local example of erosion is Providence Canyon in south Georgia. Name and describe what kind of erosion created Providence Canyon, GA. Draw a picture illustrating this type of erosion.

www.gastateparks.org/ProvidenceCanyon

3a. Tell what is meant by conservation practices.

4a. Explain what a watershed is.

5a. Make a drawing to show the hydrologic cycle.

6a. Tell what is meant by Water Pollution.
